

## HOW TO INITIATE YOUR DUPR RATING

We only initiate ratings for players registered in our practice leagues.

To initiate your own DUPR rating:

Create a DUPR account at [www.mydupr.com](http://www.mydupr.com)

\*All players must have a DUPR account set up.

Download the app on your phone.

Schedule some games with players who already have a DUPR rating or want a rating

\*All players must have a DUPR account set up.

\*At least one player, (we recommend two), needs to have an existing DUPR rating.

You may want to have every player play with/against each player on the court.

Enter your scores into the DUPR app – click on “Add Match” at the bottom of the screen.

If you played three games, best to 11, win by 2, enter each game as a separate match.

If you need more assistance or have questions, contact DUPR Support
